July 16, 2019

The Honorable Brian S. Colón, Esq.
NM State Auditor
2540 Camino Edward Ortiz, Suite A
Santa Fe, NM 87507

Re: GAO FY2018 Findings Report

Dear Auditor Colón,

On behalf of the Government Accountability Office (GAO), I am pleased to present the *GAO FY2018 Findings Report*. The objective of the report is to serve as a source of information and an instrument of transparency concerning the audit findings of statewide agencies, subject to the Audit Act, for FY2018.

The report is an amalgamation of data gathered from the FY2018 annual financial audits of New Mexico's agencies subject to the Audit Act. The report is compiled specifically to illustrate the financial health of agencies based on the audit opinions and audit findings reported.

This report provides Office of the State Auditor (OSA) stakeholders with a snapshot of the financial health of New Mexico's government. The prime objective of the GAO in producing this report is to provide an accessible and decipherable mechanism to support more effective and efficient decision making concerning matters involving taxpayer dollars.

Sincerely,

A handwritten signature in cursive script that reads "Stephanie W. Telles".

Stephanie W. Telles, MBA, CFE
Director, Government Accountability Office

Executive Summary

Purpose

Auditing state agencies, subject to the Audit Act, includes but is not limited to, a risk-based activity with a focus on financial statement review and other related assertions performed to mitigate organization and financial risk. It is done to obtain support regarding the accuracy of amounts and disclosures in the financial statements. As a constitutionally established executive office, the Office of the State Auditor (OSA) has financial oversight responsibility for all units of state and local government and is statutorily charged with ensuring the financial affairs and transactions of every agency be thoroughly examined and audited, in whole or in part, annually. The intent of this report is to provide high-level data and statistical evidence on the outcomes of the audits performed for FY2018 in accordance with the vision and purpose of the OSA and the Government Accountability Office (GAO) to bring accountability, transparency, and excellence to state government.

Methodology and Scope

The material used to compile this report was derived from primary source data, specifically the outcomes from the most current audit reports of New Mexico state and local governmental agencies available as of June 7, 2019 for Fiscal Year 2018.¹ The scope of this report is focused on the state and local agencies that received full financial audits. The figures presented within this report are not inclusive of reports from special audits, AUPs or financial certifications from local public bodies under the tiered-system of reporting, or the New Mexico Comprehensive Annual Financial Report (CAFR). The source document for data gathered is available as Appendix B found at the end of this report.

FY2018 Results

In total, for FY2018, this report evaluated 514 complete and released audit reports.² Notably, 96 percent of agencies audited received *unmodified* opinions, meaning test work indicated financial statements and disclosures were presented fairly in all material matters. Furthermore, 35 percent of audits received *no findings*, otherwise known as a clean audit. Further aggregation of report findings resulted in the beneficial presentation of “top-ten findings” by category statewide. This particular overview is helpful for agency management and oversight agencies to more effectively identify pain-points and better implement internal control processes. The information detailed in this report delves further into category specific data concerning agency opinions and findings. Definitions to assist in discerning the data presented in the report can be found in Appendix A.

¹ A spreadsheet containing the source data used to compile this report is available for review and analysis on the OSA website in the Government Accountability Office page. www.saonm.org/government_accountability_office

² As of June 5, 2019 - 11 agencies requiring full financial audits remain on the *at risk list* due to late report submission and the data from those agencies are not included in this analysis, agencies on this list can be found in Appendix D.

FY2018 Audit Overview

Audit Snapshot

Information compiled within this report is based exclusively on the 514 agencies that received full financial audits for FY2018; the majority of which were conducted by Independent Public Accountants (IPAs) under the direct oversight authority of the OSA.³ The chart in Figure 1 details the count of agencies who received a full financial audit for FY2018 categorized by agency type.

Figure 1 – FY2018 Governmental agency audit snapshot⁴

³ IPAs conduct the majority of audits under the oversight of the OSA due to finite resources. The OSA maintains its regulatory role to ensure the work performed by the IPA is done according to professional standards. The OSA reviews reports issued by IPAs for quality prior to release. Opinions and findings expressed by the IPA are based on its professional judgement and are not deemed correct or incorrect by the OSA.

⁴ Agency reference of *Other* represent: Councils of Government, Mutual Domestic Water Associations, Special Districts, Workforce Boards, Water and Natural Gas Associations, Soil and Water Conservation Districts, Public Improvement Districts, and Tax Increment Development Districts.

FY2018 Audit Overview

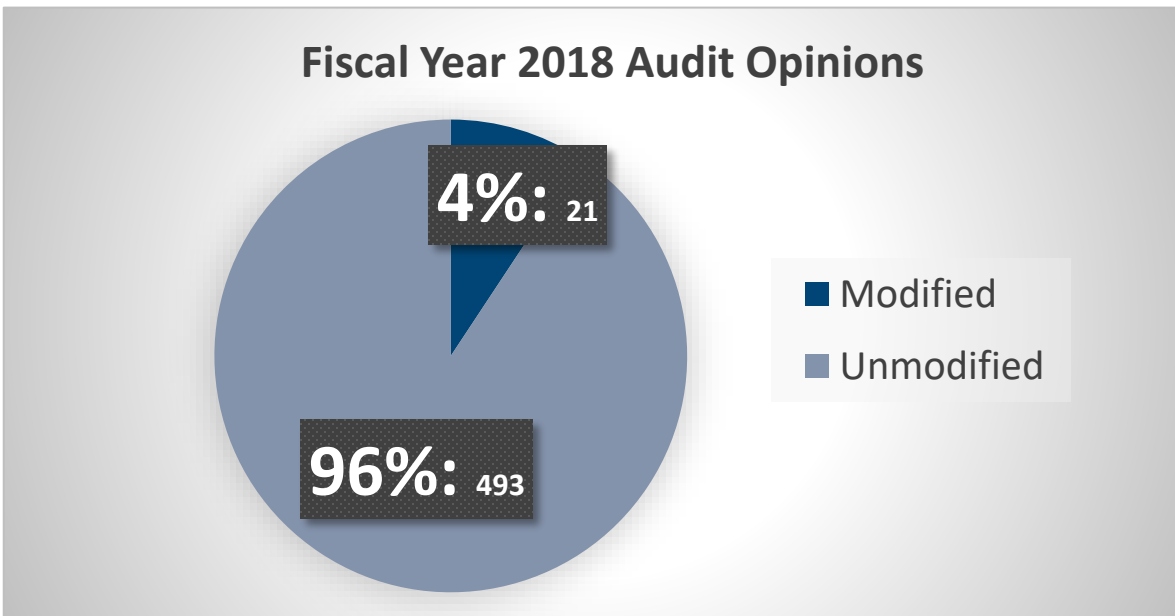

Audit Opinions

In accordance with professional standards, and as required by the Audit Act, auditors will issue an opinion of an audited agency following a full review of the agency's financial statements. The concluding opinion issued by an auditor is determined following test work of an agency's financial statements. The issuance of an *unmodified opinion* suggests the financial statements materially represent the financial condition of the agency in accordance with applicable financial reporting framework whereas the issuance of a *modified opinion* suggests the financial statements were not prepared or presented fairly in all material aspects and typically reflected as a *qualified opinion*, an *adverse opinion*, and/or a *disclaimer of opinion*.⁵ Auditors may also express *multiple opinions*, meaning different opinions on varied aspects of the financial statements exist.

Strong Financial Health

Statistically, New Mexico audited agencies' financial reporting health is strong; as detailed in Figure 2. 96 percent of agencies in the scope of this report received *unmodified opinions*, suggestive of conformity in maintaining financial statements free from material error and may be relied upon. Further details on *multiple and modified opinions* issued can be found in Table 1. FY2018 agencies with *unmodified opinions* issued can be found in Appendix B.

Figure 2 – Overview of Agency Opinions

⁵ Modified opinions as described may suggest misstatements are material, but not pervasive; are both material and pervasive; or financial information provided is insufficient and therefore an opinion cannot be appropriately rendered, respectively.

FY2018 Audit Overview

Table 1 – FY2018 Multiple and Modified Audit Opinions by Agency

Agencies with Multiple or Modified Opinions ⁶	
Multiple Opinions	New Mexico General Services Department New Mexico Office of Superintendent of Insurance Dept of Homeland Security and Emergency Management Public Education Department Northern New Mexico College Albuquerque Public Schools Lordsburg Municipal Schools City of Lordsburg Mora County Union County Cibola County Village of Cimarron Village of Milan
Adverse Opinion	Town of Bernalillo
Qualified Opinion	Roy Municipal Schools Village of Roy Village of Columbus City of Jal City of Texico
Disclaimer of Opinion	Town of Estancia Village of Maxwell

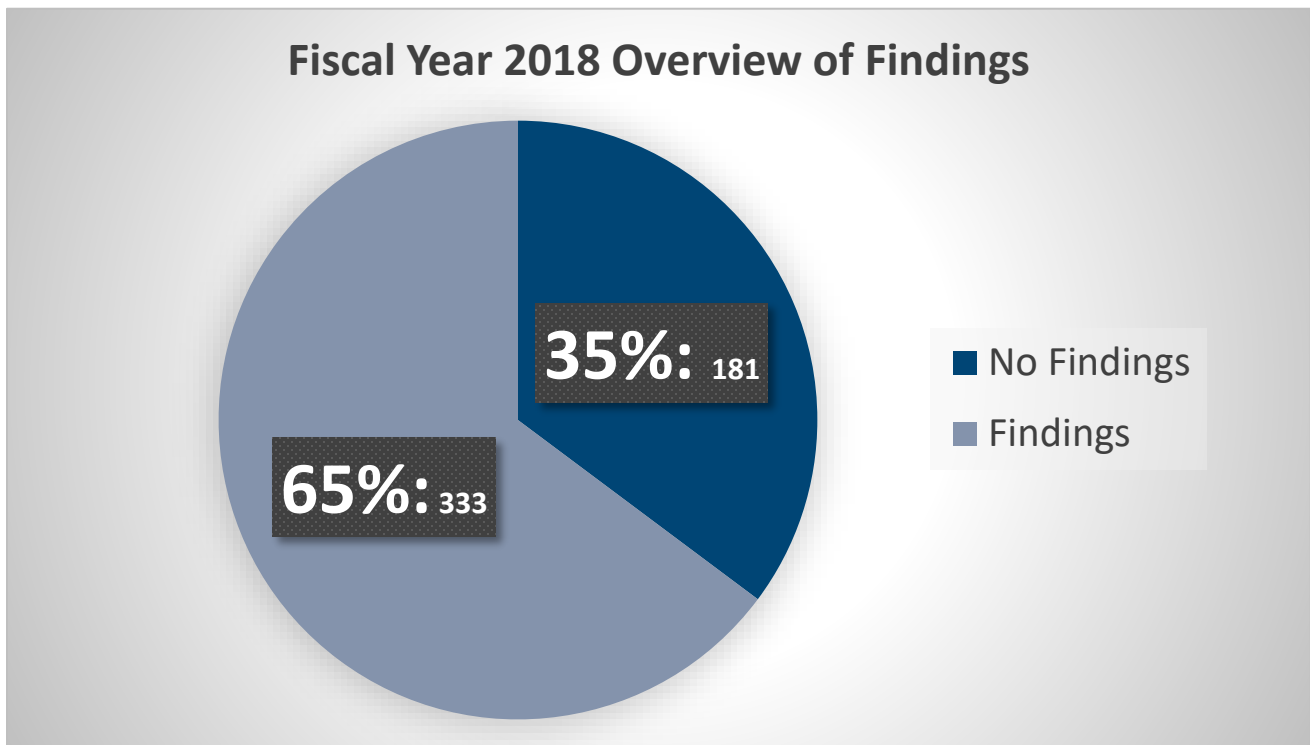

Audit Findings

Concurrent with an opinion an audit report may hold *findings*, indicating evidence of nonconformity with audit criteria. In some instances, an agency receiving an *unmodified opinion* may also receive an evaluation that delivers *no findings*. This is the best case scenario for an agency signifying a *clean bill of health*. A *clean bill of health* suggests the agency presented its financial statements fairly and it accurately characterizes the financial condition of the agency while contemporaneously indicating no identifiable deficiencies or issues were noted. Figure 3 illustrates agencies with a *clean bill of health* for FY2018; a full list of agencies with a *clean bill of health* can be found in Appendix C.

⁶ Agencies with *multiple opinions* are captured in the *modified* total in Figure 2

FY2018 Audit Overview

Figure 3 – 35% of agencies receiving a full financial audit were issued no findings thus indicating a “clean bill of health”

Further analysis of FY2018 audits include *finding classifications*. These classifications reveal specifics related to instances of control deficiencies, nonconformity, or other opportunities for improvement and are classified in such a manner that illustrate the magnitude and likelihood of potential risk for the agency. The five *finding classifications* observed in FY2018, from most severe to least severe, consist of: *material non-compliance*, *material weakness*, *significant deficiency*, *other non-compliance*, and *finding that does not rise to the level of a significant deficiency*.⁷

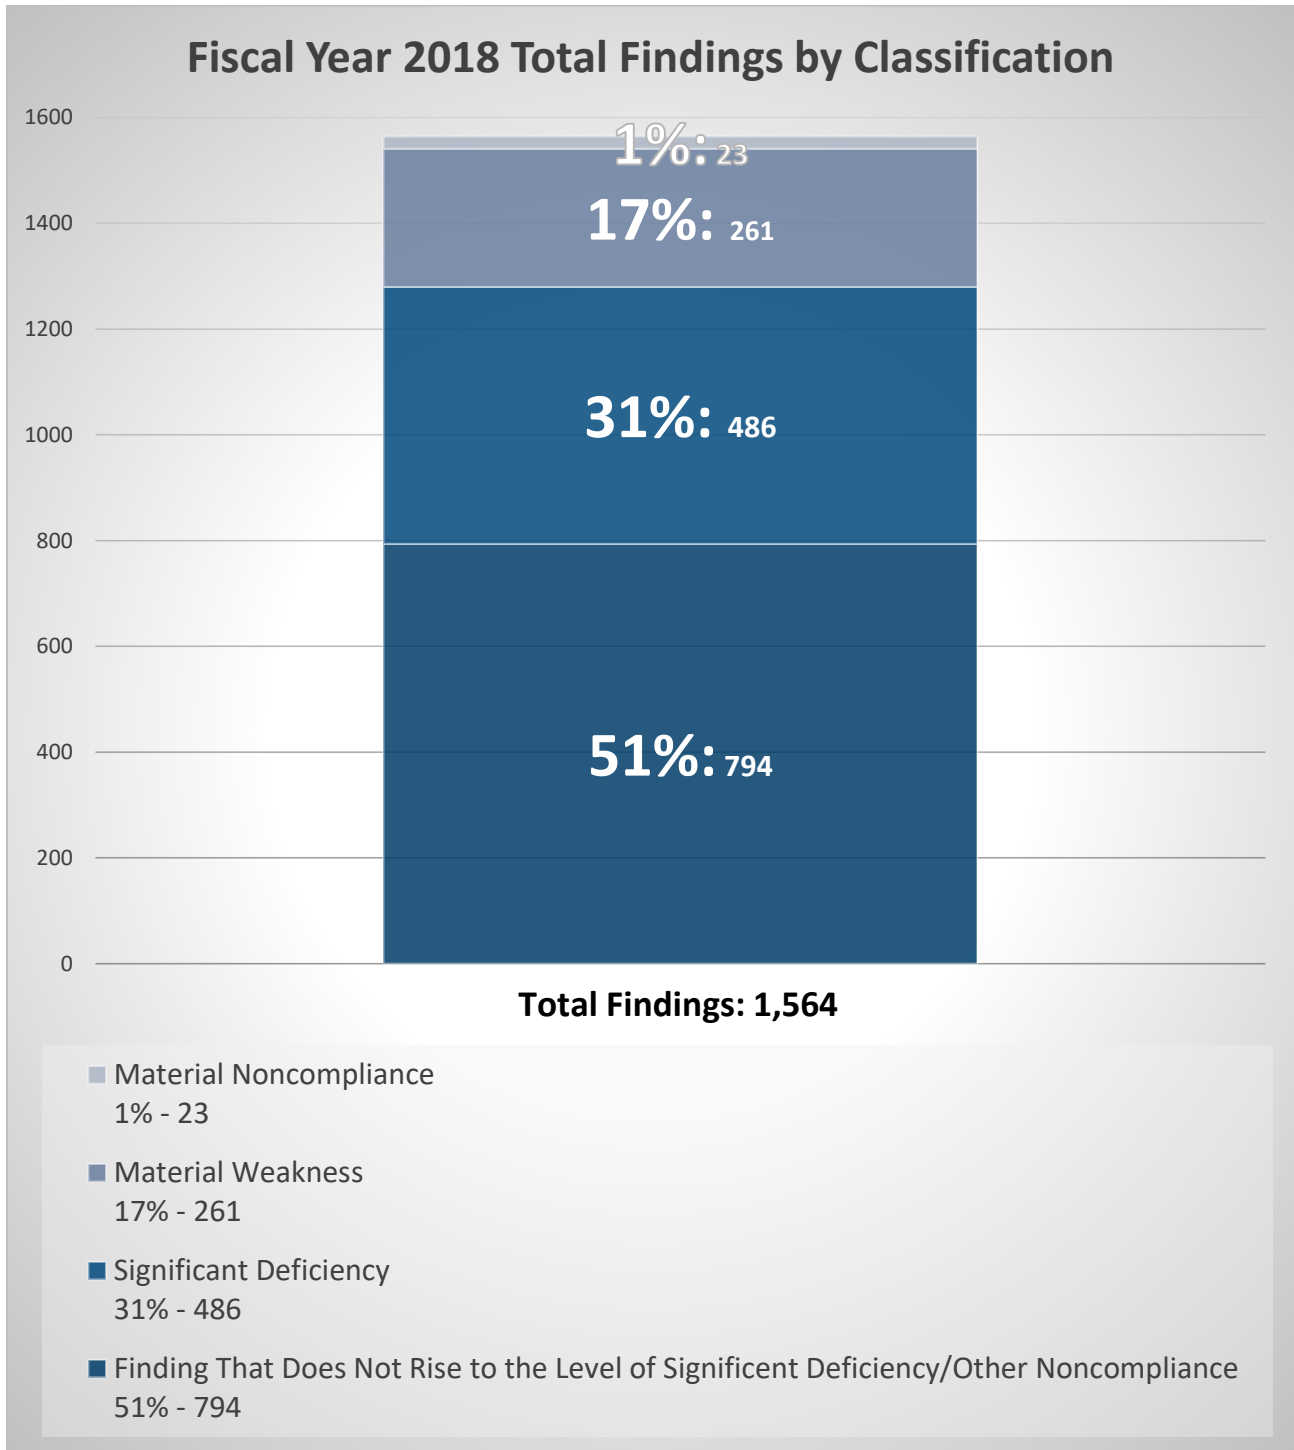

Finding Recommendations

Agency management should pay close attention to the *findings*, issued along with the auditor recommendation on how to properly address such *findings*, so as to effectively plan for corrective action in an effort to resolve matters of nonconformity. Figure 4, on the following page, illustrates total FY2018 findings by classification.

⁷ Detailed definitions of the finding classifications are found in Appendix A

FY2018 Audit Overview

Figure 4 – Total FY2018 findings by classification⁸

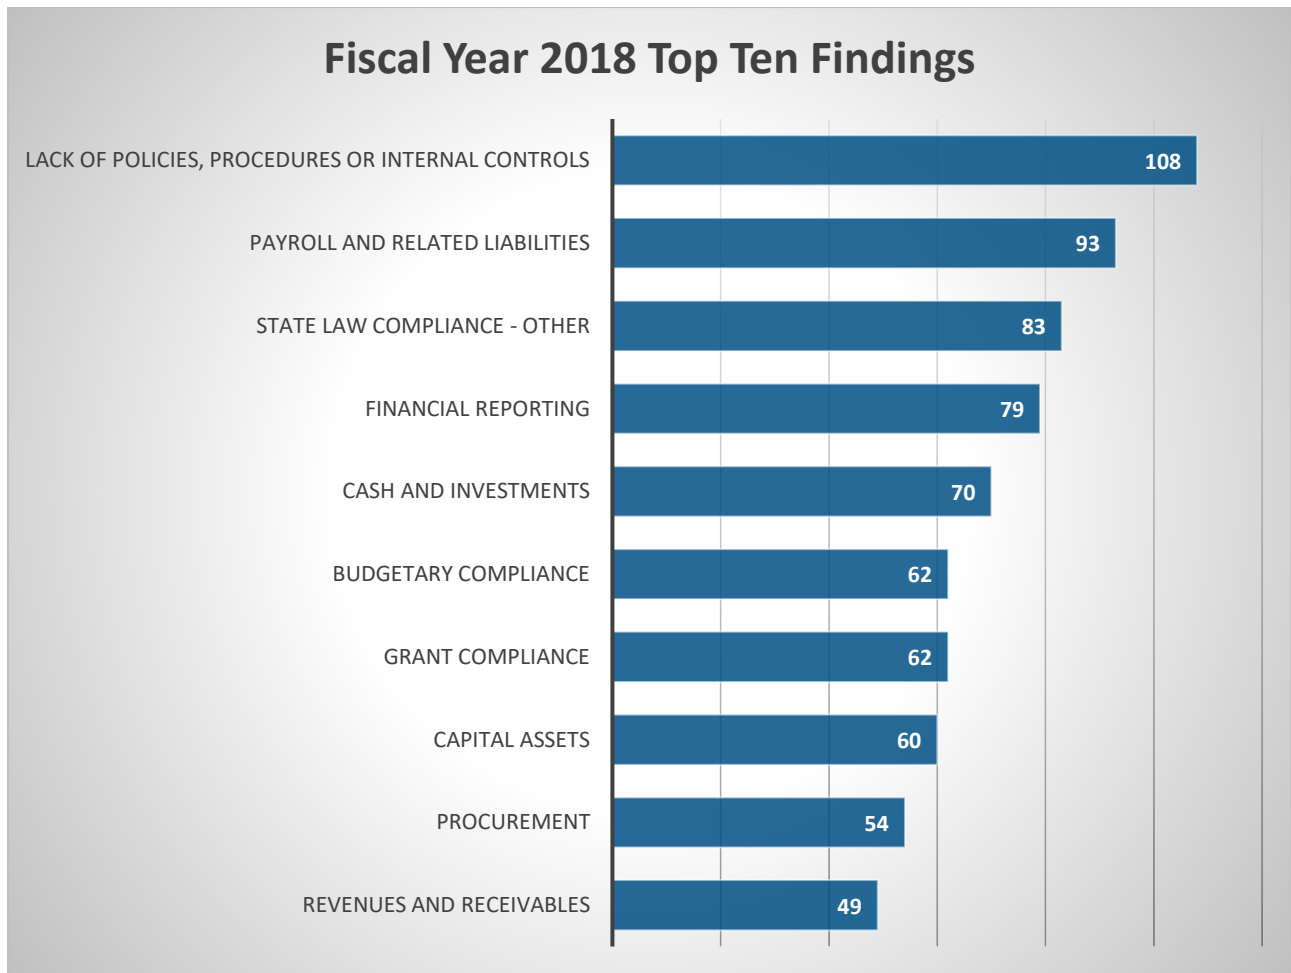

⁸ Finding that does not rise to the level of significant deficiency (192) and other noncompliance (602) volumes combined in figure 4 chart.

FY2018 Audit Overview

Most Common Findings

Findings issued as a result of an audit are not meant to serve as a means for ridicule or an attempt to discredit an agency, rather the purpose is to review past events with a vision toward improvement. Findings are often the most accessible tool an agency has to address and advocate for changes to policies, procedures, or organizational structures so as to make the operation of an agency more effective, efficient, equitable, transparent, and as accountable as possible. Figure 5 illustrates the top ten findings, holistically, of all FY2018 audits statewide. Definitions of *findings categories* developed by the OSA are detailed in Appendix A.

Figure 5 – FY2018 Top ten findings by category⁹

⁹ Top ten findings are listed in categories developed by the OSA for this report and account solely for findings originating in FY2018 and do not include repeat findings from prior years.

APPENDICES

Appendix A

DEFINITIONS

A

Adverse Opinion: After having obtained sufficient and appropriate audit evidence, the auditor concludes that misstatements, individually or when grouped with other misstatements, are both material and pervasive to the financial statements.

Audit: For the purposes of this report, an audit is defined as an agency's annual financial and compliance audit.

Auditor: A person or firm who conducts an audit.

Audit Report: A document issued as a result of an audit, attestation engagement, or AUP engagement regardless of whether the document is on the contractor's letterhead or signed by the contractor.

AUP: Agreed upon procedures.

C

CPA: Certified Public Accountant.

D

Disclaimer of Opinion: The auditor is unable to obtain sufficient appropriate audit evidence on which to base the opinion, and concludes that the possible effects on the financial statements of undetected misstatements, if any, could be both material and pervasive.

F

Finding (audit finding): Result from a process that evaluates audit evidence and compares it against audit criteria. Evidential outcome based on whether audit criteria are met (conformity) or not met (nonconformity).

Finding that Does Not Rise to the Level of a Significant Deficiency: A finding that is required by New Mexico Statutes Annotated 1978, Section 12-6-5 (any violation of law or good accounting practices found by the audit), that does not rise to the level of a significant deficiency.

G

GAAP: Generally Accepted Accounting Principles.

GAO: Government Accountability Office, a division of the OSA.

I

IPA: Independent public accountant.

APPENDICES

L

Local public body: All political subdivisions of the state that expends public money from whatsoever source derived.

M

Material Noncompliance: A failure to comply with laws, regulations, contracts or grant agreements that is quantitatively or qualitatively material, either individually or when aggregated with other non-compliance, to the compliance requirement as a whole, or at the individual program level.

Material Weakness: A deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the agency's financial statements will not be prevented, or detected and corrected, on a timely basis.

Modified Opinion: An auditor's written attestation concluding that a modification to a given agency's financial statements is necessary. Namely, a qualified opinion, an adverse opinion, and a disclaimer of opinion.

Multiple Opinions: An auditor's written attestation occurring when the auditor expresses different opinions on various aspects of the financial statements.

N

NMAC: New Mexico Administrative Code

NMSA: New Mexico Statutes Annotated.

O

Opinion (audit opinion): An auditor's written attestation as to the fairness of presentation of financial statements.

OSA: New Mexico Office of the State Auditor.

Other noncompliance: A failure to comply with laws, regulations, contracts, or grant agreements that may affect the financial statements as a whole, or at the individual fund or program level.

Qualified Opinion: The auditor, having obtained sufficient appropriate audit evidence, concludes that misstatements, individually or in the aggregate, are material but not pervasive to the financial statements, or the auditor is unable to obtain sufficient appropriate audit evidence on which to base the opinion, but concludes that the possible effects on the financial statements of undetected misstatements, if any, could be material but not pervasive.

S

Significant Deficiency: A deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

APPENDICES

T

Tier: Established based on the amount of each local public body's annual revenue, pursuant to Section 12-6-3 NMSA 1978 and Section 2.2.2.16 NMAC.

U

Unmodified Opinion: An auditor's written attestation concluding that the financial statements of a given agency are presented fairly, in all material aspects, in accordance with GAAP.
