Subject: Proposed Audit Rule (2.2.2 NMAC) Change
Date: Tuesday, February 4, 2020 8:05:07 AM
Attachments: [image003.png](#)

Good morning Ms. Mignardot,

The one concern the County has on the proposed changes relate to the removal of the 2.2.2.10 BB. GASB 77 section, specifically, the requirement for taxing agencies to provide tax abatement data to any agencies impacted by another agency's tax abatement activity by September 15. The County is concerned without this specific requirement, we and other entities may experience reporting delays if we are unable to obtain the tax abatement data from these other agencies.

Thank you for the opportunity to respond.
